

WINTER ALE WELCOME

# Samuel Smith's

## The Original Imported Winter Ale

Full-bodied, honey-amber colored ale with great depth, balance and malty richness - an ale to be shared with friends when the chill in the air and frost on the trees make a warm fire and good conversation all the more inviting.

This year's label, "Coopers," shows the two coopers who make and maintain the oak barrels used by Samuel Smith's.

**Samuel Smith's Winter Welcome Ale:** the first imported winter seasonal beer and still the benchmark. *2018-19 marks the 29th annual release, and the first year ever that kegs have been exported!*

# Samuel Smith's

The Old Brewery at Tadcaster was established in 1758. It is Yorkshire's oldest brewery and one of the few remaining independent breweries left in England. The hard crystalline brewing water is still drawn from the original well sunk in 1758, and the yeast strain has remained unchanged for over 100 years.

British beer of somewhat higher alcohol and richness has been enjoyed during winter for generations. Samuel Smith's Winter Welcome is the perfect beer to serve when friends get together to enjoy the season, and it is the first imported winter seasonal beer to be sold in the US.

**Taste:** Honey-amber in color with great finesse and complexity. The head is creamy with a mass of tiny bubbles, like special cuvée champagne. Winter Welcome has a floral aroma and delicious malt flavor with great richness and balance.

OG: 1.056 - ABV: 6.0% - IBU: 32

**Serving suggestions:** Roast goose, smoked turkey with oyster dressing, candied yams, Smithfield hams, fresh pears and apples, Christmas cake and eggnog. Serve in a traditional Yorkshire tulip glass.

**Product sizes and quantities:**

12/18.7 oz. (550 mL) bottles.

6/4/12 oz. (355 mL) bottles.

50 liter (13.2 gal) kegs:  
first year of draft -  
quantities are limited!
